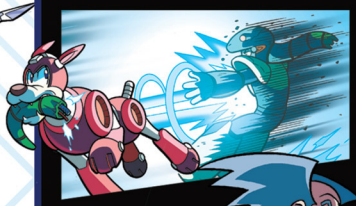
The Hunt Continues!

Mega Man is on the hunt for the eight rogue Robot Masters! They've stolen the super-rare Energy Elements required to power Dr. Light's latest creation – the titan robot known as Gamma.



Mega Man already recovered two of the Energy Elements from small mining asteroids, and fought Top Man and Snake Man to claim them.

As his search continues, Dr. Wily remains on Earth in Light Labs,

and he's up to something...

Dear Mega-Mail,
Hey guys, just wanted to say I loved Mega Man Issue #40 -- you did SUCH a good job balancing all the characters out, and I loved the details of how much of a monster Vile really is, or that Sigma does have that drop of evil in him!

Hello! Glad to hear you enjoyed our peek into the Mega Man X universe! There's still much to be seen there, though!

I've been reading since the beginning, but add me as another customer if you guys do a full Mega Man X spin-off!

Your avid Mega Man fan,
Summer H. sent to
MegaMan@ArchieComics.com

Thank you for your loyalty, Summer! We're aiming to bring you as much Mega Man X goodness as possible, so look forward to future issues!

Dear Mega-Mail,
Long time reader, first time writer. On behalf of all of your readers, thanks for making these comics! I've been waiting forever for a good Mega Man comic to come out and this one has far surpassed my expectations.

Woot! Thanks for the praise!

My favorite character is Wily, because he's always determined yet sympathetic enough that sometimes you find yourself rooting for him. Is there any chance that we'll learn something about his past? Some of it is hinted at in the Battle Network spin-off games, but I'd like to know more.

Writer, Ian Flynn, really wants to go deeper into Wily's past, particularly about how he got banned from working on advanced robotics!

What are your thoughts on the BN and Starforce series?

While my first loves will always be the classic series and Mega Man X, both Battle Network and Starforce still hold a special place in my Mega memories! Not only is the gameplay fun, those character designs are sick too!

Tell Wily he's got a fan in me.

Evidently Wily's biggest fan,
Aidan D. sent to
MegaMan@ArchieComics.com

Thanks, Aidan! I'm sure Dr. Wily will be pleased to know that he's finally got some support!

We'll see y'all next time for continuing adventures of Mega Man in "Legends of the Blue Bomber"!
